Furniture Designer, Slate

Compensation: 55,000 – 70,000 / Year

Who we are:

We are inspired place makers who enhance the built environment with a focus on brand and culture - Across multiple studios, elements provides a comprehensive portfolio of products and services for the interior built environment. We combine our interiors expertise with construction capability and the collaborative, cross-functional process of human-centered design. This holistic approach to the built environment creates a seamless experience and exceptional results for our clients.

This position is for our studio Slate, Colorado's premier commercial furnishing contractor.

Job Summary:

The Design role will work closely with the Sales and Operations teams to translate and communicate client needs and branding into design strategies, visual concepts, and functional creative solutions. The role will identify, interpret, and visually enhance the client environment based on brand and story.

Essential Functions

- Collaborate with clients and project teams to understand design requirements and project objectives.
- Create innovative and aesthetically pleasing furniture/construction renderings that align with client needs and industry standards.
- Develop detailed drawings, renderings, and specifications using design software and tools.
- Select and source materials, finishes, and furniture components that meet project budgets and design concepts.
- Present design concepts to clients and stakeholders, incorporating feedback and revisions as necessary.
- Coordinate with suppliers and manufacturers to obtain samples, pricing, and specifications for design materials and furnishings.
- Work closely with the project team, including architects, engineers, and contractors, to ensure design feasibility and compliance with building codes and regulations.
- Assist in preparing project documentation, including design presentations, material boards, and design documentation for construction and installation purposes.

- Stay informed about industry trends, new materials, and design innovations to continuously enhance design offerings.
- Other duties as assigned.

Required Skills/Abilities

- Proficiency in design software and tools, such as AutoCAD, SketchUp, Adobe Creative Suite (Illustrator, InDesign, Photoshop), and 3D modeling software.
- Strong creativity and design-thinking skills to develop innovative and functional design solutions.
- In-depth knowledge of furniture and interior design principles, materials, and industry trends.
- Ability to interpret and translate client needs and project requirements into compelling design concepts.
- Strong communication and presentation skills to effectively convey design concepts to clients and project teams.
- Proficient with Microsoft Office Suite or related software.

Education and Experience

- Bachelor's degree in Interior Design, Architecture, or a related field preferred. Relevant certifications are a plus.
- 2+ years of experience in design, preferably in the contract furniture and construction industry.

Core Competencies

- Attention to Detail
- Creative Thinking
- Vision
- Communication
- Adaptability

EEO Statement

Workplace Elements provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state, or local laws.

This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.

This job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee. Duties, responsibilities, and activities may change, or new ones may be assigned at any time with or without notice.
